

The Rumworth Morris of Bolton

The Rumworth Morris of Bolton was formed in 1976 and has established an excellent reputation for performing and maintaining the North West Morris tradition and continues to be acknowledged as one of its leading exponents in the country. This is reflected in the number of invitations to local, regional, national and international events.

The team has developed a repertoire of nine dances including ones which have been collected from traditional men's teams around the North West and some original dances based on figures closely associated with the North West Morris dance tradition.

If you are interested in becoming part of a team that enthusiastically takes care and pride in this living tradition, we would love to hear from you. Although the team is based in Lancashire we have a number of committed members in other parts of the country and regular practices are also held in the South.

There is more information on the team, its history and the dances at www.rumworthmorris.org.uk

Whether you are interested in dancing or joining the band of musicians to accompany the dances do get in touch.
